Dear Vedant Chavan,

Greetings from all those you have helped in your efforts. We wish you well.

On behalf of The Alpha Urbane Project, I would like to thank you for working with us and supporting our campaign with Habitat for Humanity India. We have successfully raised a large sum to aid the helpless during the COVID-19 pandemic, distributing family essential kits. Besides the lives saved through food rations, we have also distributed hygiene products such as hand wash to directly curb the spread of the disease, impacting innumerable lives. These kits were distributed across India, so rest assured, the impact you made was felt far and wide.

We would like to take a moment to congratulate you for greatly aiding us in this campaign through your work as a campaign manager. You have worked immensely hard, and reached out to a large number of individuals to ensure that they are following procedures and are raising funds for a noble cause. The sheer number of individuals you have managed is clear evidence of this. You have also demonstrated considerable leadership qualities by aiding campaigners with invaluable advice on how to maximise the impact made. We have heard from many campaigners that you were always ready and able to assist them with any concern they had, and answered queries in a quick and diligent manner. Your efforts have not gone unnoticed and without individuals such as yourself, our campaign would not have been as successful, and we would not have been able to save the lives we did.

Due to the efforts of individuals like you, we have almost limitless potential to aid those who most need it in these trying times. Once again, a very big thank you to you for all the support extended to The Alpha Urbane Project and Habitat for Humanity.

Regards,
For The Alpha Urbane Project,

Yours sincerely,
Aditya Madnani
