To whom so ever it may concern

NBS International Ltd. is authorised service centre for Mahindra branded vehicles. It offers state of the art facilities for servicing of cars and SUVs. With its 2 exclusive service centres in Mumbai it offers convenient and hassle free service experience.

This is to certify that Vedant Chavan student of R.N. Podar School Mumbai, has interned with our Service Centre at Goregaon from 11th September 2021 to 25th September 2021.

His interest to learn about automobiles led to his request for seeking learning opportunity in our service centre on the weekends.

During his internship at our service centre, we have found him to be a self-starter and hard working. Throughout his tenure he was sincere and curious to learn new things which reflects his interest in mechanical engineering. He was always punctual and has developed good relations with all the staff members. Especially his ability to intermingle with technicians to seek hands on exposure and practical knowledge is praiseworthy.

NBS International wishes Vedant all the success in his future endeavours.

Thanks & Regards

Authorized Signatory

Samruddhi Gaikwad
