

SWARAJ ENGINES LIMITED

Works :

Plot No. 2, Indl. Focal Point,
Phase-IX, S.A.S. Nagar
Distt. S.A.S. Nagar (Mohali)
(Near Chandigarh)
Tel. : 0172-2234941-47, 2234950

To whom so ever it may concern

It is to certify that Vedant Chavan has interned with Swaraj Engines Ltd. from 14th December 2020 to 22nd December 2020. He was assigned the responsibility of assisting members of engine assembling & testing team in the company.

Vedant was very enthusiastic and disciplined in this internship. I was particularly impressed by how he collaborated with his seniors and demonstrated his sound knowledge of physics and engineering fundamentals. He understood the different parts of the engine and various sub systems involved in working of the engine. He has actively participated in different tasks while carrying out diagnostic exercise during engine testing process.

Vedant is a quick learner and curious to know more. When I told him about the steps in engine testing process, he took initiative to understand more from his fellow team members and was hands on to participate in actual testing process himself the next day. Even if he had some suggestions, he would respectfully put forward his points amongst his seniors. His approach to understand every process from the first principle is heartening to see in the students of this age. He is a natural with approximations to solve the problem, which is a must for any engineer.

With his impeccable focus, perseverance and humble attitude, Vedant is an asset for any team. I wish him the very best for his future endeavours and strongly recommend him as a brilliant engineering student.

Best Regards,

Ajay Ghai
Plant Head
